RETURN TRIP
MISS HURST'S MARMOSET
LADY IN THE CLOSET
WHEAT CHEAPER

—By Arthur Brisbane—
(Copyright 1930 By King Features Syndicate, Inc.)

FOURTEEN TIMES in the history of the world human beings have flown westward across the north Atlantic ocean. Eric Nelson and Lowell Smith were the first, and now come the brave French air men, Dieudonne "God Given" Coste and Maurice Bellonte.

There is the first non-stop westward trip ever made.

LINDBERGH'S EASTWARD flight alone with little announcement in advance, and the simple statement: "I'm Charles Lindbergh," on arrival, will remain the most magnificent flight of all time.

NEXT PERHAPS WILL come the round trip. Captain Hawk, now at the head of American fliers, having flown across the American continent in 12½ hours, almost as far as Lindbergh and Coste and Bellonte flew in more than 30 hours, would be the man for the "New York to Paris and back again" flight, with no stop between cities.

When he flies, he really flies. Two hundred and fifty miles an hour is his idea of a reasonable gait.

At that rate he could make the trip to Paris in about 16 hours, and back, allowing for head winds, in about 18 hours.

And even those figures in years to come will seem comically "old fashioned."

THE LITERARY AND intelligent Fannie Hurst returns from Europe with a pet marmoset, so small it sits in a large pocketbook. She should write about husbands of the future, who will probably dwindle to about that size in the course of evolution.

The giant sea crab, when you catch one, is always a female, of great size.

She carries the male crab, about as big as a ten cent piece, under one of her flippers, except on rare occasions. Human husbands may dwindle down to that, when men have no harder work to do than pushing a button. Size and muscle will no longer count.

BUT WOMEN WILL REMAIN of full size, because of her maternal duties, and for other reasons. The female spider is ten times as big as her husband, and eats him after marriage. Human husbands should not complain.

THE INTERESTING charge is made that representatives of the Nye senate committee, investigating Mrs. McCormick's campaign expenses, gave good government money to bribe a detective hired by Mrs. McCormick.

This does not seem to be playing the game fairly. Each side should respect the other's detectives.

Also Mrs. McCormick's head detective says a lady was "planted" in the closet of Mrs. McCormick's Drake hotel apartment to listen and report. Some Republicans of

School Districts Fixed For Salem

According to report received today from J. S. Alan, superintendent of city schools, all children in the Chestnut Grove school district who live west of South Lincoln avenue, or the Lisbon road, should enroll at Columbia school.

Those living east of Lincoln avenue should attend Reilly school.

THREE GRANGES IN COUNTY FAIR

Race Program Completed; Prize Distribution Announced

LISBON, Sept. 4.—Three Columbian county granges have filed entrance fees for exhibits at the county fair here this month, these being Greeley, Wayne Township and Lisbon granges.

For several years Greeley had the only grange exhibit at the fair, and with entries now closed these three will compete for honors this year. Top premiums have been awarded Greeley grange for a number of seasons.

A total of \$334.60 was collected in fines, costs, licenses and building permits by Mayor J. M. Davidson during the month of August. The mayor submitted his financial report to City Auditor Helen R. Woerther today.

Democrats To Meet In Memorial Hall

Salem Democrats will gather at the Memorial building, Friday, 7:30 p. m., to discuss plans for the November election.

ARMED POSSES HUNT CONVICTS NOW AT LARGE

One Of Trio Captured Without Resistance; Two Are Armed

(By The Associated Press) LANCASTER, Sept. 4.—Heavily armed posses continued to comb this area today for two convicts still at liberty after escaping with a third prisoner from the Ohio penitentiary brick plant at Junction City yesterday.

Searchers roved through wooded sections in vicinity of Pleasantville and Peckerington. Franklin county deputy sheriff joined the hunt when growler was seen early today near Canal Winchester, south east of Columbus.

The man disappeared into a cornfield when Marshal T. W. Glick, leading a party of searchers fired twice. It was believed he was one of the convicts, indicating they might be making their way to Columbus.

Throughout the night a cordon of men was kept around the Kramer woods, near Pleasantville, on the chance that the hunted men were still hiding in the timber.

Two Still at Large
The two convicts still at large are Ben Caddis, 26, sentenced from Lucas county to serve five to 12 years on a statutory charge, and Clyde Fisher, 32, sentenced from Trumbull county to five to 20 years for an automobile theft.

The third man who escaped, Lee Neddetton, 29, of Lucas county, was captured in a straw patch near Pleasantville yesterday by M. A. Hanna. Neddetton, serving two to 15 years for burglary and larceny, was returned to the prison plant last night.

The trio made their break for freedom after overpowering two guards whom they disarmed and fled in an employer's automobile. The car was abandoned at Pleasantville and the convicts, reported armed with pistols, rifles and a shotgun, ran into a woods.

Neddetton was armed with a rifle he had wrested from one of prison guards, but failed to offer resistance.

1930 COLUMBIANA FAIR TO HAVE INNOVATIONS; NIGHT-TIME SESSIONS

Rodeo Will Also Form Part Of Entertainment At County Event; Entries Grow Larger In Many Classes; More Parking Space

LISBON, O., Sept. 4.—For the first time since the Columbian Agricultural society was formed 81 years ago a night fair will be held the four days of the county fair this year, the dates being Sept. 16, 17, 18 and 19. It was determined to have a night fair this year and every year hereafter for the purpose of giving people an opportunity to attend who have been unable in the past to visit the fair during the day.

Over \$10,000 has been spent by the Agricultural society during the last year in making preparations. A complete lighting system has been installed for this purpose alone, and additional parking space for automobiles has been provided within the grounds.

Instead of continuing the prize automobile parade, which has been a big feature of the county fair in former years, a wild west rodeo has been booked this year.

This will be the first time a rodeo has been featured in Columbian county. Both men and women will take part in this event, and one of the leading features of the rodeo will be a jumping horse that holds the world's record for high jumping. This horse was first obtained from the United States army, and was trained for jumping.

Because of increased interest in live stock, breeders from all sections of northeastern Ohio have announced their intent to show, and this will result in the largest showing of pure bred registered live stock ever assembled at the fair.

LISBON-SALEM ROAD TO OPEN

Traffic May Use Highway Next Sunday; Others Open Soon

LISBON, Sept. 4.—Next Sunday morning State Route No. 45 between Lisbon and Salem will be thrown open to traffic.

A new three-mile section of concrete roadway, 20 feet in width has been completed. Many curves have been eliminated, and all existing curves have been banked well. The former brick roadway was wrecked before any concrete was poured.

The macadam section of this highway also has been widened to a width of 20 feet, this work having been done under the direction of State Highway Superintendent W. C. Neff.

Widening of the Lincoln highway in Hanover township from the Center-Hanover township line west to the village of Hanover will be finished within the next two weeks, it was disclosed today.

County Surveyor Lloyd C. Kirk has announced that the new section of the East Palestine-Unity road would be opened to traffic Sept. 25, in the event that Lewis & Copeland of Lima, O., finished the last concrete pouring tonight.

For several weeks two shifts of men have been employed on this road, the improved section being a part of the Cox highway.

Construction of this two-mile stretch has been ahead of the time limit fixed by the state highway department at the time the contract was awarded.

COMMUNICATION BROKEN OFF BY SEVERE WINDS

Storm May Travel Across Haiti And Strike On Coast Of Cuba

REPORTS MEAGER AS RADIO FAILS
Airplanes On Lines All Safe; Company Reports; Damage Unknown

(By Associated Press) HAVANA, Sept. 4.—A tropical hurricane, with winds up to 160 miles per hour, was believed today to have swept Santo Domingo yesterday devastating the capital city and doing untold damage throughout the Republic. There were no immediate reports of loss of life.

With its center moving west by northwest at 16 miles per hour, the hurricane was headed today across Haiti, toward the eastern Cuban provinces of Camaguey and Oriente, and with a prospect of sweeping the entire length of the Bahamas.

Communication at Haiti
There were several reports of the terrific destruction visited upon Santo Domingo before communication with that end of the island ceased last yesterday. At 3:30 p. m. a message received at San Juan said a wind of 150 miles an hour was lifting roofs off of houses with all communication and power lines rapidly going down.

El Pais, Havana newspaper, received what it said was an authentic report at 5 p. m., (Salem time) that Santo Domingo was devastated by the blow.

PENSION BOARDS TO MEET MONDAY

Election Of Officers For Coming Year Will Feature Session

Members of the Salem police and fire pension boards will hold annual elections of officers at the office of Mayor J. M. Davidson at 7:30 p. m. Monday.

Announcements of the meeting were forwarded to members of the board by Patrolman Ralph Stoffer, police board secretary, today.

Fire Captain George Lewis is president of the fire board with Patrolman Wilbur Hiddleston president of the police board. Fire Chief Vincent L. Malloy is secretary of the firemen's group.

Plans for the coming year will be formulated by the boards, Stoffer announced.

Painting By Artist Attracts Attention

Hand painted panels in the display windows of The Regent store, East State street, are attracting considerable attention.

The work has just been completed by William Sander of Cleveland, nephew of Harry Goldberg, proprietor of the store. Sander is an art student of much promise and his free hand work in painting scenes for the window panels brought much comment from spectators.

This young man also is an accomplished vocalist.

Six Hurt In Auto Crash In County

EAST LIVERPOOL, Sept. 4.—Mr. and Mrs. James Sterett, Mrs. Sarah McCormick and Mrs. Louise McCormick, all of Baltimore, Md., and Miss Mary Jackson of Chicago were cut and bruised today when their automobile skidded and overturned in a ditch on the East Liverpool-Youngstown highway near Cannons Mill today.

They were taken to the City hospital.

COSTE, BELLONTE FLYING WEST TO DALLAS AIRPORT

\$25,000 Prize Beckoning Fliers Who Crossed Atlantic Ocean

GREAT WELCOMING AWAITS AVIATORS
Stuebenville On Route Of Transatlantic Plane Today

(By United Press) STEUBENVILLE, Sept. 4.—The seaplane, Question Mark, bearing two transatlantic voyagers, Capt. Dieudonne Coste and Maurice Bellonte, from New York towards Dallas, Texas, passed over here at 9:25 a. m. Eastern Standard time.

The plane was flying low and headed southwest.

(By The Associated Press) DALLAS, TEXAS, Sept. 4.—The seaplane of France and the stars and stripes floated together in Dallas today as a thrilled city suspended normal activities to give a traditional Texas welcome to Capt. Dieudonne Coste and Maurice Bellonte, French air voyagers who conquered the Atlantic.

Many To Join Welcome
This city was the rendezvous of airmen throughout the southwest who flew here to participate in the welcome of the Frenchmen, flying to Dallas from New York to collect a purse of \$25,000 offered by Col. William E. Easterwood, now in Ireland. Fifteen army planes from Kelly field, San Antonio, were in the convoy assembled here to fly north to greet the scarlet seaplane which triumphed over more than 4,000 miles of storms, fogs and hazardous weather between Le Bourget and Curtiss fields.

A crane who once met hazards far different from fogs and storms in company with the French ace planned to be among the thousands to welcome them. He is R. De France, member of Capt. Coste's wartime squadron, now a resident of San Antonio.

Governor Represented
The program of welcome called for official greetings from Gov. Dan Moody, or his representative, in behalf of the state.

Detachments of Dallas policemen, had been assigned to guard planes at field and keep the crowd from rushing in upon the fliers when they land.

The National Broadcasting company had opened a special wire from Dallas to New York for a coast to coast network broadcast of the landing and reception, with Station WFAA, a 50,000 watt station, as the key station.

After ceremonies at the field, a parade into town was planned, and a dinner in honor of Coste and Bellonte was arranged for tonight.

Col. Easterwood, whose offer of \$25,000 attracted the French fliers to Dallas, is the official greeter of the city by appointment of Mayor J. Eddy Tate. In the colonel's absence, his personal representative, George Smith, Snyder, Texas, newspaper man, assisted in welcoming preparations.

Police May Report Chicago Gangster

BREMEN, GERMANY, Sept. 4.—Jack (Legs) Diamond, New York gangster, arrived here today from Aix-La-Chapelle in the company of three detectives.

Police would not divulge what they further intend to do with the man, but Aix-La-Chapelle dispatches yesterday said he was to be deported aboard the America to the United States.

BOARD APPROVES PROJECT DURING SPECIAL MEETING

\$385,000 Estimated Needs For Construction Of New High School

SITE SELECTED IS NEAR TO REILLY
Township Residents Split Costs With Salem People, Claim

Voters of the city of Salem and Perry township will be asked to approve a bond issue of \$385,000 for the construction of a new high school building at this city election Tuesday, Nov. 4.

Unanimous action taken by members of the board of education at their special meeting last night assured appearance of the issue at the election.

The resolution as approved by the board provides for funds totaling \$340,000 for the construction of the new building. It was estimated that \$25,000 will be necessary for the purchase of property for the location of the structure and an additional \$20,000 for equipping the building.

Clerk Albert Hayes was authorized to certify the resolution with County Auditor Elmer Walker who in turn will submit to the board a motion picture of the amount of the levy to be assessed against residents of the city and township.

Residents of Perry township will be permitted to vote on the issue due to the annexation of township school territory to the city school district this year. This annexation project is expected to result in a decrease of the proposed levy against Salem residents in that a part of the new building will be apportioned between the township and city wherein the past cost of such projects was borne entirely by property-owners in Salem.

The new school, as proposed in action taken by the board, will be erected on property located west of Reilly athletic stadium and will be a three-story structure, containing a large gymnasium, a natatorium, cafeteria and other modern accommodations.

The levy is proposed for a period of 24 years.

KINDERGARTEN TO OPEN MONDAY

More Than 30 Children Expected To Enroll In Salem School

Kindergarten sessions will open for the 1930-31 term at the Memorial building at 9 a. m. Monday, Miss Doris Chandler, director, announced today.

More than 30 children under school age have attended the kindergarten classes at the community center for the past two years, sessions being held daily except Saturday and Sunday, from 9 to 11:30 a. m.

Miss Chandler will again be assisted by Mrs. Paul Court who supervises musical activities at the school.

Parents who anticipate enrolling children in the class are asked to accompany them to the school Monday morning. Several outstanding social functions—parties and other entertainments—are scheduled during the year.

Married Two Weeks At 60: Asks Divorce

MEDINA, Sept. 4.—Mrs. Luella B. Pennell, who became a bride at the age of 60, has filed suit for divorce from Wilford H. Pennell, 46, pianist and taxicab driver, just two weeks after her marriage.

Eleven days after the wedding, Pennell threw a plate at her and she fears for her life, Mrs. Pennell said in her petition.

Retort Lost

TAHOE TAVERN, CAL. Sept. 4.—It was a historical day for France Tuesday. They flew the ocean and turn W. R. Hearst out of their country.

That was a pretty cute statement he handed 'em back, but it will be lost on 'em. Frenchmen individually have plenty of humor, but as a government they take nothing can be as funny or as little as a nation when it tries to get back at somebody.

If every country run him out for publishing something they didn't want published, we would have had him exiled at birth, and he would now be residing in Siberia.

Yours,

Will Rogers

AERONAUTICS; AVIATION

There is a connection between the end of the Gordon Bennett balloon race, which started from the municipal airport at Cleveland last Monday, and the date, Sept. 3. It was four years ago yesterday that the navy dirigible Shenandoah was ripped apart during a thunderstorm near Caldwell, Ohio, and crashed to the ground, killing 14 officers and men.

Balloon flying, which finds its highest expression in the Gordon Bennett races, provides training valuable in the operation of dirigibles. It may be remembered that such training was responsible for saving several lives in the Shenandoah disaster. Members of the crew who were stranded on the broken section of the airship brought themselves safely to earth largely through their knowledge of ballooning.

Ballooning is the oldest branch of air travel. Although the dirigible and heavier-than-air machines have surpassed it as a sensational attraction as well as in usefulness and safety, there are many people who devote all their skill to balloon piloting and balloon construction. Due to the fact that a pilot has only limited control of a balloon he must pit himself against the elements—a necessity which has contributed notably to man's knowledge of air currents. Even so, it seems likely that the thrills and prizes of ballooning are more important considerations than its contributions to knowledge of the air.

Concurrently with the Gordon Bennett races and the anniversary of the Shenandoah disaster comes information that the bodies of Captain Salomon Auguste Andree and his three companions of an ill-fated polar trip by balloon 33 years ago have been returned to civilization. Rarely do lighter-than-air craft receive so much attention. The nature of the news, however, is unintentional concerning man's probable choice for safe transportation. On the one hand there is aeronautics, the science of rising into the air by using some substance lighter than air; on the other, aviation, the science of propelling oneself through the air by airplanes.

What Others Say

PHONE-Y COURTESY

Since now several weeks have passed since this department took its flat-footed and fearless stand against the extended heat and insufferable drought, it is again probably high time that we viewed something with alarm, just to keep our editorial hand in.

This time we condemn, wholly and entirely, unconditionally and in no uncertain terms, the growing prevalence of a particular type of telephone discourtesy.

This is the practice of Big Business Men and their carbon copies, "The Lesser Employees," of pretending that nobody's time save their own is of any value. The thing works like this:

The office phone rings. "Is Mr. Whoozis in?" comes a feminine voice from the other end.

Mr. Whoozis, a kindly and obliging soul, goes to the phone. "Is this Mr. Whoozis?" questions the feminine voice.

"It is," says Mr. Whoozis. "Hold the line, Mr. Whoozis," says the voice, sweetly. But not so sweetly as to placate Mr. Whoozis as he waits, waits and waits some more. At last, after seeming tons of time, some "The Business Man" or "Carbon Copy" at the other end finally designs to talk to Mr. Whoozis. The secretary has called Mr. Whoozis and Mr. Whoozis waits until the "Grand Meg" is able to talk.

This is most provoking. No business man is so darned busy that he can afford to make everybody mad by waiting for him on the phone while his secretary summons strangers to his bidding.

We'll bet Charlie Schwab doesn't do that kind of stuff, and he's pretty busy. Quite a successful man, too, they tell us.—Columbus Citizen.

NEW YORK Day by Day

by O.O. McIntyre

NEW YORK, Sept. 4.—There are hard-headed, tight-fisted and outwardly unsentimental business men in New York who have poetical moments. Recently I attended one of the dinners, held yearly, where they light cigars, relax and cup ears for seraphic lyrics and satirical limericks.

These are men, reporters describe as "steely jawed with cold gray eyes and crisp white mustaches." They swap corporations, tear down blocks to run up office buildings and buy ships by the fleet. Yet keep fingers on the poetical pulse—ancient and modern.

Save for two exceptions, not a person present would not be catalogued as one having no interest in poetry and less interest in a poet.

Yet I was told several privately provided funds to further the education of those displaying poetical talents.

It interested me that a commercially conspicuous gentleman on my right found his favorite lines in Dabose Heyward's "Epithet to a Poet," reading:

"That all success is but a prison,
And only those who fail are free."

My knowledge of poetry is about that high, yet it strikes me the most appealing lines symbolize agonizing futility and as such depress. Nothing, to me, is more poignant with frustration than Edna Millay's popular lines:

My candle burns at both ends;
It will not last the night;
But ah, my foes and oh, my friends,
It gives a lovely light.

I belong to the saloon school of poetical expression. Poems I enjoyed most were recited by blotto gentlemen, featuring such classics as "I have been faithful to thee, Cypriote, etc.," and that one about "the lady named Len." I enjoyed them most when slightly potted myself.

Not that it matters, note to J. L. T. I am not a Broadway columnist. A daily article about New York and other parts of the world is my chore. Broadway is merely one of the myriad facets of the Manhattan kaleidoscope. And as such is mildly interesting.

A vaudeville star in temperamental moments throws things. The other night she indulged in a spasm that was a lulu. A stage hand hung an electric warning sign on her dressing room door. "Don't enter, 6,000 volts."

The frankest want ad of the season appears in an afternoon paper: "I have been discharged from 15 jobs in 10 months but believe I am worth \$22 a week."

The latest in sartorial shades for color scheme bounds is an autumn brown shirt with collar to match and a pastel pink necktie.

Fred C. Kelly, the writer, was shamefully untrussed in a practical joking dido in Paris recently. He learned upon registering that Don Herold, fellow writer, was in the room adjoining his. Kelly refreshed with a bath, and without dressing but peeking up and down the hall, knocked at Herold's door. Herold greeted him with a surprise, offered an aperitif, a chair, and inquired if his friend had a pleasant crossing. Kelly finally borrowed a bathrobe, sneaked crestfallen back to his room and took the next boat home.

Kelly was talking to me on the telephone one day when through mixed connection an irate subscriber who thought he was talking to an exchange manager, demanded to know why he was not given a Columbus number. Kelly explained they were out of Columbus but could give him something nice in a Longacre number. He then tried to persuade him to take a Bryant number as a gift from the company. The outraged subscriber in a burst of profanity finally hung up in Kelly's ear and they almost had to put me in a sanitarium.

An actress writes me she has found a new way to attract attention in cafes. She does not smoke. (Copyright, 1930, McNaught Syndicate, Inc.)

The Stars Say

For Friday, September 5

Although the lunar configuration for this day points to lively and unexpected opportunities and change, yet the mutual figures are found to hold a note of mutually malevolent and disturbing conditions. These show disruptive and disintegrating forces suddenly precipitating positions of stress and peril, radically affecting the finances and probably endangering the physical well-being as well. It would be wise to be on guard against all manner of loss and abrupt variation in business as well as personal affairs. Shun loans and borrowing also.

These whose birthday it is may be prepared for a year of change which may hold some unexpected benefit, but at the same time they may be beset with unforeseen losses or physical peril. It would be well to arm against disintegrating forces and to safeguard the property against loss by loans or treachery. Violence, injury or enmity may be precipitated by uncontrolled or impulsive conduct.

A child born in this day may be ingenious, original and adventurous, and headstrong and headlong actions, which may prove the means of self-undoing, unless these be disciplined in infancy.

First Aid

If "cleanliness" is next to godliness, as the Biblical saying goes, then certainly it should be applied in the case of an injured member of the anatomy. Everyone should know what to do in case of a cut or wound in the flesh.

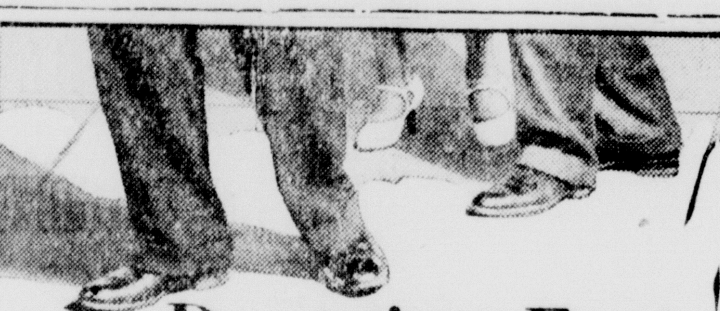

When we speak of cleanliness in this sense, we mean surgical cleanliness. A surgeon will use bi-chloride of mercury or some other antiseptic in treating a wound, but in first aid rendered by a layman, water which has been boiled and cooled is one of the best things with which to wash out a wound.

It matters not whether the wound is a cut with a knife or there is a tear in the flesh by a piece of tin or rusty nail in any case absolute cleanliness is the secret of right healing.

Avoid Infection

Before touching the victim's wound a person should wash his hands very thoroughly with soap and water. Then clean the finger nails carefully after which wash the hands again.

Apply the sterilized water either pouring it copiously over the wound or applying it with pieces of sterilized gauze or cotton. Wash out every particle of dirt, splinters, bits of rust or any other foreign substance. Clean the wound thoroughly with the water.

Dragging Feet

If your VITALITY is slipping away from you try S.S.S.

JUST one complaint—those dragging feet—yet they tell a big story. Back at the fountain-head the red-blood-cells are not up to standard. When your red-blood-cells are only 80% you are NOT yourself—60% is dangerous. You haven't the vitality to fight infection and disease.

S.S.S.—the great blood tonic—stimulates the blood-building organs to supply the necessary red-cells. Your appetite picks up. Your body is strengthened, invigorated—you feel like yourself again! AND DRAGGING FEET become STEPPING FEET. Take S.S.S. before each meal.

Salem Hardware Evens Mushball Series With Mullins Outfit

DON MCLEAY ENTERS DISTRICT TOURNAMENT AT YOUNGSTOWN

THE DAY In Sports

SOFTBALL YEAR OVER
MORE ALL-STAR TEAMS

THE 1930 SOFTBALL season is practically completed and with the completion of the series between the Hardware and Mullins, sporting interest in this city will immediately give way to the coming grid campaign involving Floyd Stone's Salem High football stars. It was the most successful mushball season ever experienced in this city.

The fact that proper organization and supervision of a sport is necessary was proven in the softball circuit. There wasn't a single argument relative to inelegibility of a player and the season was marked by cooperation between managers of various teams despite intense rivalry. The elimination of the bickering between teams—always so apparent and marred to sporting activities here in the past—was due entirely to the fact that for the first time the softball league had a governing board with definite rules to work with in their supervision of the competition.

Next year another step should be taken, that in regards to the adoption of rules governing the game itself. At the present time, with a few exceptions, regulation baseball rules are followed.

The members of this year's governing board, which also functioned with success during the 1929-30 city basketball league, was composed of Homer Bow, chairman; James Primm, J. Donald Scullion, A. Earl Beardmore and J. M. Kelley.

Reed Calkins submits what appears to be the most popular selection for an all-star city league softball team. It follows:

George Early and Lee Christen pitchers; Harry Vincent, catcher; George Morris, first base; Joe Kelley, second base; Robert Campbell, third base; Frank Scullion, shortstop; W. F. Bolen, right shortstop; James Fitzpatrick, left field; Wink Miller, center field, and Paul Myers right field.

This team, with changes of Kelley to third and Campbell to second has been practically unanimous choice of fans. Arthur "Shorty" Borton is even up with Myers in the right field race.

For the second team Calkins names: Arnold Lutes, pitcher; George Konnerd, catcher; G. Edward Scott, first; Arnold Seeds, second; Taing Seeds, third; Michael Schuller shortstop; James Primm, right short; DeJane, left; Greenisen, center; Al Balcornic, right field.

Four years ago, Tommy Freeman was fighting—and winning—main events in Madison Square Garden, the Valhalla of Flitina. Four years ago Young Jack Thompson, now monarch of the 147-lb. division, was an unknown untried and unsought for preliminary fighter—but one who had ambitions and hopes.

Thompson leaped from obscurity to a world championship in four years. Freeman after fighting nine years is getting his first crack at a world championship. Most fighters are through after nine years; few of them, as a matter of fact, last that long. There are exceptions, of course. Johnny Dundee won the featherweight championship of the world after he had been fighting over a dozen years. Rocky Kansas won the lightweight crown after fourteen years of hard service.

Despite his long apprenticeship, Freeman is none the worse for wear. He looks younger than his 25 years, and has no marks of the ring. When Thompson steps into the ring at the Cleveland ball park to defend his title against Freeman Friday, it will be the first time he is risking his recently won throne. They are slated to go 15 rounds to a decision.

A little bit of everything—Coach Stone's big problem seems to be finding a back to replace Glenn Whinnery...to locate a heady quarterback...a couple goodends...a tackle as good as Leonard Yates...Dunn Eden lake plays Lake Placid Sunday...the teams are great rivals even though they have never met...grid candidates at the Salem High camp ray Mutt Buraw isn't a bad chief...Hardware fans are still wondering why their team accepted the Mullins challenge...Relly stadium will be as nice an athletic stadium this year as there is in any Ohio city this size...it will also be one of the few gridirons in which one type of grass was sown and another grew...that is, if "pigweed" is grass...Elmer "Monk" Kesselmore has contributed an improvement to city hall...a cover for the card table...Clude "Smiley" Reich is one of the city's leading weed-pullers...

NEW YORK, Sept. 4—Al Johnson, the comedian, who was said to have made a "killing" playing the races this season, once again is a horse owner. He bought Kidare from C. W. Leonard of the Newtondale stable yesterday at Belmont Park for a price said to be \$10,000.

Why is it that we so constantly hear men complaining of their memory, but none of their judgment?—Colton.

City Champs Annex Shut Decision; Clash In Final Tilt Tonight

Fans witnessed one of the season's classiest softball exhibitions as the Salem Hardware team displayed real defensive strength, gave its rookie hurler, Clifford Greenisen, sensational support and handed the Mullins Manufacturers a 2-0 shutout at Centennial park Wednesday evening.

In the hurling end of the game Sam Watkins, on the mound for the body-makers, had a big edge over his rival pitcher, but Mullins fielders registered six misplays, two of which were factors in only runs scored by the city champions.

Jimmy Primm, Hardware right shortstop, one of the city's leading fielders, crossed home plate with both of the Hardware runs, getting two of the four hits his team registered off Watkins' delivery.

Watkins Holds Edge Watkins kept the Hardware team hitless after the fourth inning and fanned four batters, allowing only one base on balls. Mullins hit Greenisen for seven safeties, drew four walks and had men on bases in every inning but the first.

On two occasions Mullins hit the sacks loaded with only one gone but was unable to squeeze a score across the plate.

The body-makers were expected to take their second straight victory from the champions but gave a disappointing exhibition in the field while the Hardware team, aided by good fortune that followed the team through its first half campaign, gave a sensational display of fielding talent.

Teams Meet Today The teams clash in the third and deciding game of the series at the park field at 6 p. m. today. Either Early, who has been doing most of

Snodgrass Disqualified From County Racquet Tournament

Stewart Snodgrass (finalist in the doubles division of the Columbiana county tennis tournament scheduled Saturday afternoon, was disqualified following investigations that revealed that Snodgrass is not a resident of Columbiana county. Snodgrass was entered in the competition as doubles partner of Early of East Palestine and admitted to an official of the Salem Country club, Wednesday in a telephone conversation, that he was a resident of Beaver Falls, Pa.

The Snodgrass-Early combination was booked to clash with Walter Hartsock and Moore, defending champions, at the Country club Saturday.

The team composed of Robert Davis and Kenneth Jewell met the Richard Harwood Walter Deming duo yesterday to determine which team will clash with the championship pair in the finals. Harwood and Deming winning 6-3 and 8-6.

Both of these teams had been eliminated by Snodgrass and Early.

Moore and Hartsock will oppose Harwood and Deming at the club courts at 2 p. m. Saturday.

What The Stars Did Yesterday

(By The Associated Press) JIMMY MOORE, Athletics—Home run and double scored four runs.

HUGHIE CRITZ, Giants—Single drove in two runs that defeated Braves in first game of double-header.

WALLY BERGER, Braves—Homer No. 33 helped to defeat Giants in second encounter.

BILL DICKEY, Yankees—Drove out home run and two triples to account for six of Yankees' 10 runs against Washington.

INDIANAPOLIS—Tommy Herman, Chicago, outpunted Patsy Pollock Canada, (10).

Des Moines—Benny Bass, Philadelphia, won a newspaper decision over Eddie Anderson, Chicago, (10).

Louis May, Des Moines, fought a draw with Charles Arthur, Newark, (10).

Hack Holds Onto Last Year Straw

PITTSBURGH, Sept. 4.—When Hack Wilson's straw hat comes off to stay off this season, the National league pennant race will be history. The pudgy Cub home run hitter today defied convention and his teammates to knock the hay bonnet off.

"It stays on my dome until the race is over," Hack said.

McGraw Signs Up

NEW YORK, Sept. 4.—John J. McGraw, generally given credit for transforming New York from a joke city in the major leagues to one of the best baseball cities in the country, will be at the helm of the Giants for at least five more years.

McGraw put his name on a contract yesterday and thus quieted all rumors

tion, that he was a resident of Beaver Falls, Pa.

The Snodgrass-Early combination was booked to clash with Walter Hartsock and Moore, defending champions, at the Country club Saturday.

The team composed of Robert Davis and Kenneth Jewell met the Richard Harwood Walter Deming duo yesterday to determine which team will clash with the championship pair in the finals. Harwood and Deming winning 6-3 and 8-6.

Salem Pro To Compete Against Strong Field In Competition Monday

Donald McLeay, professional at Salem Golf club, will compete in the annual tournament for pros of the Youngstown district at Youngstown next Monday.

The competition will involve about 20 of the leading golf pros of the district and is being held for the purpose of awarding the northeast Ohio professional championship. McLeay is one of the leading golfers in the Salem district and holds the record at the Golf club. He is the first golfer to have broken par at the Salem course.

Chalfant-Knepper Win

William Chalfant and Ralph Knepper, competing in the amateur tournament at Highland course, Canton, advanced into the third round of play with two straight victories over stiff opposition.

Chalfant won one match by default and defeated his second opponent 5 and 4. Knepper won decisions by scores of 7 and 6 and 6 and 5, breaking 80 in each match.

Third round contests will be played by the Salem entries in the afternoon. Chalfant won the tournament last year.

The Salem Golf club was host to its caddies on Tuesday, the affair being held in conjunction with a blind bogey tournament for the youngsters. Homer Detwiler took first honors in the tourney, second and third being awarded to Max Harrington and Stanley Kaminsky, respectively.

Caddies at the Golf club consistently turn in good scores. McLeay reported today, with prospects of several developing into outstanding golfers.

Hostettler Wins Title

R. S. Hostettler won the honors in the President's cup competition, defeating B. Barnhart, 1 up, in a great match of 36 holes. Hostettler advanced into the finals by winning from A. P. Mullins, 1 up, over 18 holes while Barnhart defeated Herman L. Wright, 4 and 2, over the same distance.

Giants Miss Great Chance To Gain As Cubs Lose To Bucs

BY HUGH S. FULLERTON, JR.

If the New York Giants fail in their attempt to overtake the Chicago Cubs in the hectic race for the National league pennant, their failure can be attributed in a large measure to their inability to take the chances offered them.

A great chance came the way of the Giants yesterday as they engaged the Boston Braves in a double header while the Cubs were taking a 9 to 6 beating from Pittsburgh's up-and-coming Pirates. But the total rain for New York was a half-game.

The Giants won the first game with difficulty, 5 to 3, and lost the second 11 to 7.

Giants 3½ Games Back The result of the day's action left New York 3½ games back of the Cubs, although Brooklyn and St. Louis were idle each gained half a game.

The Pirates and Braves each had one big inning and each won a ball game by it. Pittsburgh clouted Bud Teachout and Sheriff Blake from the mound in the sixth and scored six runs equalling the Chicago total.

Boston errors and some timely hits gave the Giants a victory in the first clash, a misplay by Rich-

bourg in the seventh inning allowing the two runs that won the game to come in. In the second, Boston hit hard enough in the eighth inning to offset its mistakes. Going into the semi-final frame three runs behind, the Braves attacked Bill Walker and Hub Pruett, who was hurried to his rescue, for eight runs and the victory.

Athletics Increase Lead The Philadelphia Athletics celebrated the occasion of their 90th victory of the season by picking up a full game on Washington as the result of the two American league games played yesterday. While the world's champions were trouncing the Boston Red Sox, 11 to 4, the New York Yankees were breaking the jinx the Senators have held over them most of the season by a 10 to 7 count.

Jim Moore, a rookie, drove in four runs with a home run and a double and played the leading role in giving Most Grove his 23rd victory this season.

The Yankees did as much for Ed Wells, whose three defeats of the season all have been at the hands of the Senators. They assaulted their Washington nemesis, Sam Jones, for all of their 13 hits and 10 runs in the first five innings.

importance tell you privately "Mrs. McCormick, even if elected, will never enter the senate." Illinois will want to know about that.

THE UNBELIEVABLE HAPP-
PENNS. You will read this morning that wheat for September delivery sells in Chicago at 82½ cents a bushel, and September corn at 97½ cents.

No board of trade speculator, no hard working farmer expected to see corn selling for 12 cents a bushel more than wheat.

To the board of trade gentlemen. It simply means that wheat is cheaper than corn. To the farmer it means that corn, which yields to the acre twice as many bushels as wheat, sells for more than wheat.

V. H. POLACHEK, thoughtful and wise, who gets rich while others sleep, says farmers will feed wheat instead of corn to cattle now, since it is a cheaper and better feed. Therefore, corn prices will come down and wheat will go up. He is buying wheat.

The cautious will remember that corn might come down and wheat stay down.

demand? Corn has sold as low as 10 cents a bushel, and farmers have used it for fuel in place of coal.

Now it is 12 cents a bushel dearer than wheat and poor old Uncle Sam, early in the year, bought nearly 70,000,000 bushels of wheat way above a \$1 a bushel.

ALL IN ONE DAY the Prince of Wales is promoted in the army, navy and royal air force. The wise British separate their air force from the other two. He is vice admiral of the fleet, lieutenant general in the army, air marshal of the flying fleet.

The young prince is made to realize that there are advantages in being "born right."

On the other hand it is probably more satisfactory to work to the top without help, like Napoleon or Nelson.

**CHILDREN
CRY FOR IT—**

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drugstore; the genuine always bears Chas. H. Fletcher's signature.

COMMUNICATION BROKEN OFF BY SEVERE WINDS

Storm May Travel Across Haiti And Strike On Coast Of Cuba

and republic ceased as the hurricane developed. The All-America Cables company said its service was interrupted without warning.
Company Radios Fail
 Although it operates a submarine cable the company's land station is above ground and exposed. Radio service to the island was interrupted a little later and the Pan-American Airways lost the use of their private wireless.
 Pan American Airways reported that all planes bound north and south were safe, their schedules all having been suspended with first news of the hurricane.
 It was at first believed that the hurricane would keep to sea after passing over Fisherman's point, a small island near the coast of Cuba, but later the Belen university observatory here said its reports indicated a change in its direction, and that it probably would move across the island to Haiti, thence passing across the eastern end of Cuba and the Bahamas.
 The Belen observatory predicted considerable damage in Cuba and the Bahamas, and named specifically the cities of Santiago de Cuba, Guantanamo, Gibara, Holguin, and Myrtil as in the danger zone.

ANOTHER CASE WHERE KONJOLA "MADE GOOD"

Cleveland Resident Wants Everyone To Know What New Medicine Did For Him

MR. CHARLES B. JESSUP
 "I commenced taking Konjola about a year ago," said Mr. Charles B. Jessup, 1908 East 69th street, Cleveland. "I was so ill that I had to sit in a chair for I could not breathe lying down. From December to March I was unable to work. Whatever I ate caused misery. I lost weight and was very weak. I have taken eight bottles of Konjola and today I am as sound as a dollar. I can walk ten miles without fatigue. I shall always have Konjola in my home for it certainly proved to be a master-medicine in my case. I am sleeping fine, have regained my lost weight and my nerves are calm. My work is now a pleasure for I am enjoying the best of health."
 The records of Konjola fairly overflow with just such happy endorsements. Once Konjola is put to work, results are prompt and sure. However it is best that six to eight bottles be taken in average cases.
 Konjola is sold in Salem, Ohio at The H. H. Lease Drug Co. Three Stores and by all the best druggists in all towns throughout this entire section.—Adv.

ter grade vealers 14@14.50; medium kinds 10.50@12.50.
SHEEP 1,400; few opening sales, steady, but later undertone; weak to 25c lower. Good choice lambs 9@9.50; few prime higher; medium and common throwouts 5.50@7.50; sheep unchanged.

THE BIG POND
At The State

Maurice Chevalier's third starring
picture, "The Big Pond" is at the
State tonight beginning this week-
end's program.

It's built to order for Mr. and Mrs.
Average Fan and all the little fans.
And here's a tip—it's Chevalier's
favorite of the trio which comprises
"Innocents of Paris," "The Love Pa-
rade" and "The Big Pond."

To appreciate the significance of
this favoritism bear in mind that
Chevalier, in addition to being a
very great artist, is also a very
great showman. It was his show-
manship as much as his artistry
that made him the outstanding fig-
ure of the European stage before
Jesse L. Lasky persuaded him to
come to America and the talking
screen.

Chevalier knows better than any-
one else that the secret of his suc-
cess lies in his easy "one-of-the-
gang" naturalness. Just being him-
self gives him his unique talents,
and sparkling personality their best op-
portunity.

In both "Innocents of Paris" and
"The Love Parade" Chevalier cre-
ated characterizations that were
unreal to him. Now, in "The Big
Pond" he has a role that, as he
would tell you in his own fluent
American slang, "is right down his
alley." Here they will see Cheva-
lier as Chevalier playing himself,
and they couldn't hope for more
than that.

The cast is a clever and capable
one. Claudette Colbert, who leads
it, scored heavily in "The Lady
Lies." She gained her first laurels
in "The Barker" on Broadway sev-
eral seasons ago. Others in the
cast are veterans of the "boards."

George Barbier, Frank Lyon, An-
drew Corday, Elaine Koch, Nat
Pendleton and Marion Ballou.

"SAFETY IN NUMBERS"
At The Grand

The Grand theater presents a
sparkling "Buddy" Rogers picture,
"Safety in Numbers" tonight.

"Safety in Numbers" is the breezy
and highly amusing tale of a young
man who is about to receive an in-
heritance of \$350,000.00. His
guardian uncle, deciding that the
lad needs to be wised up to the wiles
of the big world, sends him to New
York to be the guest of three Fol-
lies girls. The idea is that if any-
body knows what it's all about it's
certain to be Follies girls.

But the handsome youth capti-
vates the girls and one by one they
fall for him, although they have
spurned other men for years. Buddy
also falls for the phone operator in
the building where the girls have
their homes. They chill this ro-
mance, but he gets out of bounds
again and falls for a vamp from
the chorus of the Follies.

Finally he finds that he is love
with Kathryn Crawford, sweetest-
natured of the three "guardians."
It takes a fistie encounter with his
rival to win her in the uproarious
finish.

This sprightly plot is interwoven
with catchy new melodies, seven of
them in all. "Buddy" does a large
share of the singing in the picture.

BALLOON RACERS AWAITING WORD; OF ASSOCIATION

American Appears To Be
Winner Of Bennett
Cup Contest

(By International News Service)

CLEVELAND, Sept. 4.—The final
status of the six contestants in the
1930 Gordon Bennett international
balloon races was awaited here to-
day from the National Aeronautical
association in Washington, where
the flight records were being in-
spected to officially determine the
winner.

From all indications, however, the
victor of the race, which was started
from Cleveland airport here late
Labor day, is the Goodyear VIII,
which was piloted 550 miles to Can-
jion Junction, Mass., by America's
premier balloonist, Ward T. Van
Orman, and his aide, Alan Mc-
Cracken.

Second place in the contest ap-
parently hinges upon a ruling of
the N. A. A. as to whether the
Belgian entry, Belgica, manned by
Captain Ernest Denayer, fourtime
winner of the Bennett classic, is dis-
qualified because Leon Goebel-
baergh, the aide, left the basket of
the craft before the balloon finally
was landed.

As a result of the failure of the
United States Van service pilot bal-
loon to establish a new duration or
distance mark in its flight from
Cleveland to Jamaica, Vt., only one
of three new records sought during
the balloon race aerial carnival was
accomplished.

The only record made was that of
17 consecutive spins by Mrs. Blanche
Wilcox Noyes, a young Cleveland
aviatrix. E. R. Ballash, youthful
Cleveland aviator, failed to establish
a new mark for parachute jumping.

More than
50 times a day
they take the pulse

of New Sohio Motor Oil
to make certain of its

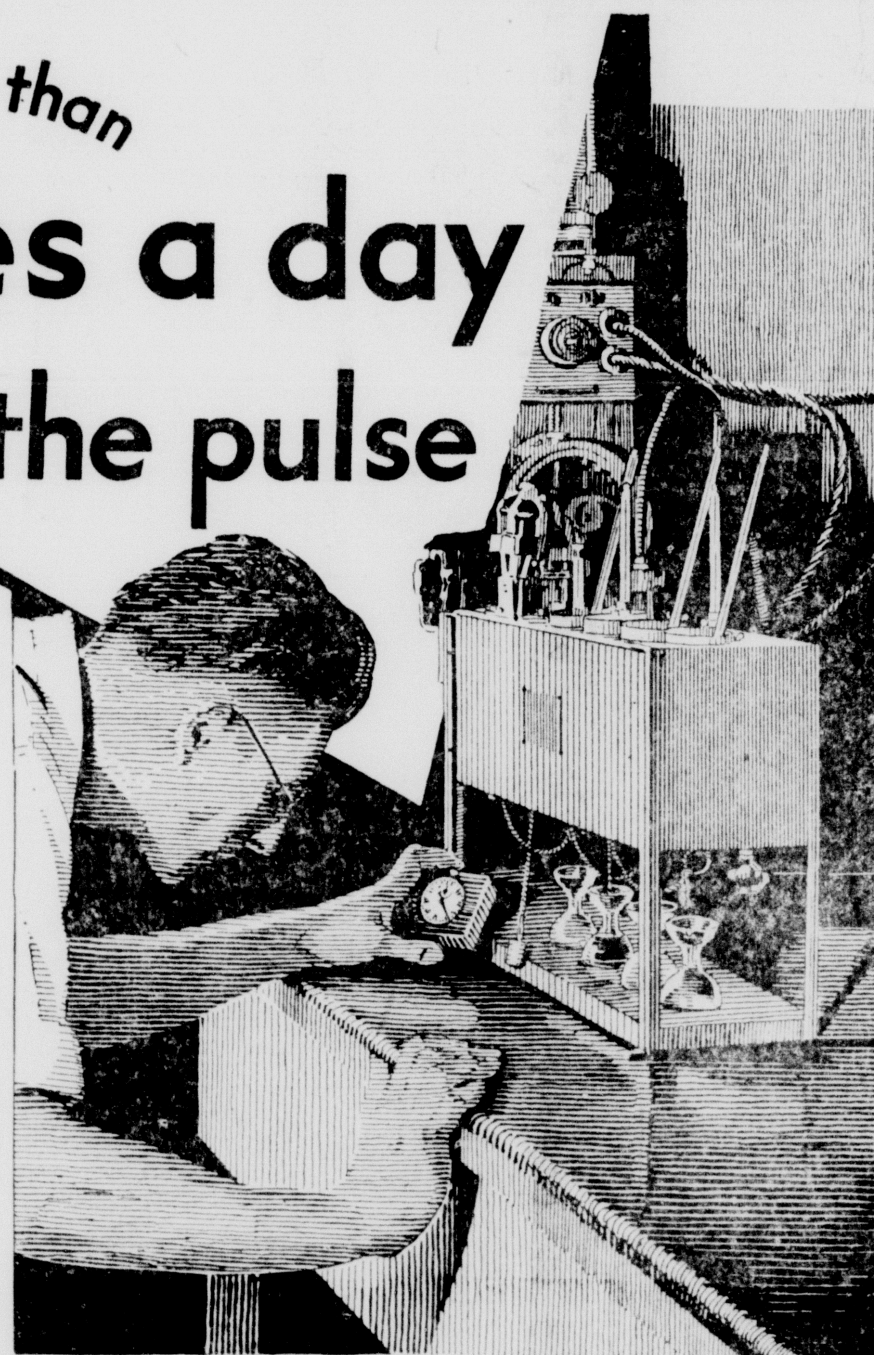

controlled
viscosity

What! Still another test of New Sohio
Motor Oil? Absolutely! And you can't buy
a single quart of this great all-weather oil
which hasn't registered a "normal pulse" under
the alert eye of the man with the stop-watch.

From every batch of New Sohio that comes
out of the refinery a sample is taken . . . be-
tween 50 and 60 samples a day. Into the
Viscosimeter it goes, a specially designed in-
strument which measures with split-second
accuracy the "speed of flow" at specific tempera-
tures. The slightest variation from New Sohio's
exacting viscosity standards is at once noted
and corrected before the oil is passed for
shipment.

That is typical of the painstaking methods
which enable Standard of Ohio's lubrication
engineers to control the viscosity of body of
New Sohio Motor Oil. This controlled vis-
cosity means that, summer or winter, you get
these advantages when you use New Sohio:

TOUGH BODY—stands up under the strain
and heat of modern high-speed motor
operation.

FLEXIBLE BODY—positive lubrication in
summer heat or winter cold.

SMOOTH BODY—an oilier oil, free from
non-lubricating wax . . . provides perfect
piston seal and prevents loss of power.

PURE BODY—contains the very minimum
of carbon-forming elements.

It takes but a few minutes to have the old oil
drained and your crankcase freshly filled
with smooth, cool, tough New Sohio Motor
Oil. You'll find it makes a difference—and it
lasts longer. Try it!
